Breeding (Linda Templeton, chair)

The KY Breed Evaluation was successfully completed and funds have been sent to Maggie Brandt. The event was supported by Lori Cretney and Sherry Hoover as scribes for the judges. This is their 'wrap up' document that has been shared with the breed committee.

General Information all participants should know before the event:

Read the rules at Feif.org regarding breed evaluations

Horse Riders and Handlers:

1. No hoof polish
2. Check your horse's mouth for any cuts or sores.
3. Practice standing your horse for the confirmation evaluation. Have someone help you make the horse look the best it can be during the confirmation evaluation.
4. Look at rules for the color of the hoof boots, weigh your boots, and measure the shoe width.
5. Have a "crew" that can help the rider know how many runs they have remaining.
6. Crew communication can be via wireless mics. See rule at FEIF.org
7. Track markers: Horses are shown to the judges between the blue, blue to yellow are transition areas. Stop before the red.
8. ASK at the pre-evaluation meeting about the judges' expectations for showing the gaits and gait transitions.
9. ASK the judges questions!!!

Show secretary:

1. Have both forms for the judges the linear evaluation (Linda I have that form saved at home and am not finding it at FEIF now.) and the "green boxes" evaluation forms, <https://www.feif.org/files/documents/Enskt%20dómblað.pdf>
2. Fill out all areas regarding horse identification before the show. It was not important to fill in the color.
3. Judges liked clipboards and especially liked these clipboards from staples:
https://www.staples.com/Staples-Clipboard-Storage-Box-Black-10-x-14-1-2-x-1-1-2/product_1671311
4. Supply pens
5. Create an announcer's list of horses and riders. The judges chose to announce the horses and riders and results themselves. Have an announcer if the judges do not want to announce.

Scribe:

The judges chose to complete the evaluation forms themselves.

1. Have all the same forms as the judges.
2. As the judges announce the scores and comments record the information on the scribe's set of evaluation forms. These could be kept in case of discrepancy.

This breed evaluation the judges chose to enter the scores themselves into Worldfengur.

Highlights of this evaluation:

The judges overlooked issues such as hoof polish and a rider leaving the track before the minimum number of laps was ridden. The rider did return and complete the laps. The judges talked to the riders after the first day of riding about what

areas they could improve the second day. They overlooked horses going outside the red markers. The judges educated the riders and as much as possible and they were willing to answer questions.

Thank you to Elsa Albertsdottier for her mini clinic on Thursday before lunch.

Education (Alex Dannenmann, chair)

Leisure (Lori Cretney, chair)

- The committee has agreed to the Pony Express and Butterfield Overland Mail routes. Participants will make a large circle around the United States twice for a total of 9,932 miles.
- Riders participating in the Sea 2 Shining Sea program will have their names put in a hat for a random drawing to determine the Rider of the Month. Each month a different name will be drawn. A write-up of the Rider of the Month will be posted on Facebook and will be featured in *The Icelandic Horse Quarterly*. A set of questions had been prepared and agreed upon by the committee to ask each participant.
- The committee has agreed to have the year put on the entry patch and not the mileage patch.
- Rules and prizes for the next season are currently being reviewed by the committee.
- The first to finish the entire 9,932 mile journey receives a saddlebag. If the first finisher is a team, up to six saddlebags will be given out. A big thank you to Karlslund Riding Equipment for their contribution and to Tolt Tack for generously organizing this donation.
- Communication – we would like to use current technology for participants to carry mail or send messages since these routes involve carrying the mail. For example, leaving a message for the next rider or participant that arrives at one of the stations. Is there a way to effectively do this?

Promotion (Emily Potts & Jess Haynsworth, co-chairs)

Four clubs have received Policy 21 funds for both breed demos and display stalls. \$590 of the \$750 budgeted has been used so far.

Klettafjalla - Colorado Horse Expo (\$140)

Sirius - Ohio Equine Affaire (\$150)

Toppur - Iowa Horse Fair (\$150)

Flugnir - Minnesota Horse Expo (\$150)

NEIHC has requested \$150 for Springfield, MA Equine Affaire in November and meets the required guidelines.

United States Icelandic Horse Congress

Mission:

- To promote the knowledge of the Icelandic Horse within the United States and its correct use as a competition and riding horse;

- To facilitate communication among all USIHC members, and;
- To represent the United States in FEIF.

Board of Directors Statement of Expectations

1. Fiduciary Duties and General Responsibilities

Each Director shall be familiar with the general principles and practices of Board governance. In particular, each Director acknowledges the duties of care, loyalty, and obedience.

The Duty of Care. The duty of care describes the level of competence expected of a director. State nonprofit corporate laws offer various definitions of this duty in suitable legalese, but they all come down to the importance of directors making good decisions with reasonable care. Directors need to recognize they should retain people to provide the necessary wisdom, skill, and expertise to enact the organization's program and mission. Directors also need to establish policies and procedures to avoid risks to the organizations' financial well-being.

The Duty of Loyalty. The duty of loyalty is the standard of faithfulness to the organization. When making decisions, a Director must put the organization first. This duty is the basis for conflict of interest policies that are designed to prevent board members from enriching themselves, their families, and their friends at the expense of the organization and from favoring one segment of the organization over another.

The Duty of Obedience. The duty of obedience requires Directors to be true to the organization's mission. Board members can exercise their own reasoned judgment in how the organization can best achieve its mission. However, they cannot act in a manner that is inconsistent with that mission. This duty is based on the principle that the membership and the public at large must be able to act in confidence that what they are told about the organization is true. If there is a discrepancy between the Directors' understanding of the organization's mission and that of the membership and the public at large, the result is the loss of institutional integrity.

Each Director shall have read and understand the Mission Statement, Articles of Incorporation, Constitution, and Policies of the USIHC.

Each Director shall understand the organization's general financial condition.
Each Director shall serve on at least one Committee.

2. Attendance

Board and Committee meetings shall be conducted in a spirit of openness, honesty, and collegiality. Each Director is expected to attend at least 75% of all Board meetings and conference calls and an equal percentage of the meetings of each committee to which the Director is assigned. Each Director

is responsible for following up with the President of the Board on the substance of any meeting missed.

Each Director is expected to attend the Annual USIHC Member's meeting.

Each Director is expected to be active on the Board and assigned Committee email discussion groups. Unless prior notice is given or extenuating circumstances exist, Board members shall make every attempt to check their Congress related email daily.

3. Advocacy

Directors shall act as advocates for the USIHC among its members. In addition, Directors shall be supportive in promoting the organization to prospective members and within the community in general. In this regard, each Director shall make every effort to attend the Annual Members Meeting and any other functions designated as significant by the President of the Board.

4. Confidentiality and Communications

The work and deliberations of the Board and Committees are confidential; except to the extent decisions are publicly disseminated through the Board's authorized process.

The President of the Board and other duly authorized persons **shall** be the only official spokespersons for the organization. Any Director contacted by the media or others in regard to any matter related to the organization or the Board shall not comment on that matter and shall refer all inquires to such spokespersons.

5. Conflicts of Interest

The Directors shall exercise the utmost good faith in all transactions touching upon their duties to the organization and its property. In their dealings with and on behalf of the organization, they are held to a strict rule of honest and fair dealing between themselves and the organization. They shall not use the positions as Directors, or knowledge gained therefrom, so that a conflict might arise between the organization's interest and that of any individual Director.

A conflict of interest arises in any situation in which a Director (and his or her immediate family or employee / employer) is involved in an activity that could adversely affect his or her judgment with respect to the business of the organization or otherwise diminish the interest of the organization. When such a conflict arises, the individual with the conflict is expected to disclose in writing the existence of the conflict.

Acknowledged as of _____
(Director – Print Name)

Failure to comply with this document can be grounds for discipline, up to removal from the Board of Directors.

NEW BUSINESS

ANNUAL MEETING:

Leslie Chambers has requested a discussion regarding speaker fees for the annual meeting.

The BOD discussed that our typical practice is to allow \$150 stipend to speakers at the annual meeting. This stipend covers fees, travel, and meals.

BREEDING:

Linda Templeton is requesting funding for proper measurement tool for breed evaluation kit. A new caliper has been developed and is being produced in Iceland to measure chest, croup, depth of chest. The tool in the kit is off by 5cm per Marlise Grimm. The calipers (without shipping) are just under \$500.

This purchase was approved unanimously by the BOD.

Maggie Brandt mailed the old kit to Martina Gates for the next eval, I suspect she will ask for shipping reimbursement. The judge will carry the kit to Iowa, then there may be another shipping fee unless the kit resides in Iowa until used again.

MEETING ADJOURNED AT 9:23 EST (Will Covert)

NEXT MEETING TUESDAY, AUGUST 15TH AT 8:00PM EST

(July will be skipped as many BODs are at Landsmot)
